Common MegaTrainer hints

This ELEX trainer was created with and for the SinglePlayer of the German/European original version.

Which ELEX cheats are available for which gameversion, is shown in the details of each cheat. Sometimes are not all cheats available for all game-versions!

So called Premium-Cheats (marked with a hint that you need a special membership instead of the key combination) are only available if you own the necessary membership for these cheats.

If the cheats of our ELEX trainer won't work for you in SinglePlayer, please visit our FAQs or use our support-forum.

ELEX versions in brackets are currently only supported in Premium-Trainers which are exclusively available for premium-members.
